

Heskey

Ocean Wisdom

Heskey, I ain't got no tekkers like no Heskey
Listening to Potter on the M3
Cruising down the motorway
Got a little show today I get P
Asking for that six bills, but I only get three

Heskey, I ain't got no tekkers like no Heskey
Listening to Potter on the M3
Cruising down the motorway
Got a little show today, I get P
Asking for that six bills, but I only get three

Still a hella my mandema do this thing for whiskey
Do this thing for free drinks, do this thing for guesty
In the Gym with Westy, Mummy's up in westos
Looking after babys, sticking to the schedule
I'm up in Al Fresco's
Living good, eating well
Sister's up at uni
I'm proud of her, she will prevail
Everybody's looking at me now whenever I roam on the roads
Most of the people I see already know me when I step in and saying hello
But it's weird because I used to be kinda enticed by the prospect of making
a living of rap
Soon as you start making money off one of your hobbies you start getting wor
ried and that
Changes the way that you look at the thing that you used to be doing for the
love of the art
Because you see all the cash and you see all the cars;
And you never had Ps in the past, so you want that
So you just agree to demands in the land where the evil are gwarn
Man are get evil trying to reach for a star
So they get evil trying to reach for a star
So weep, drink for me, wash away the sadness with my symphonies
Speak, about the symmetry, about the way the waves encapsulate vicinities
If six was nine, one was minus, eight infinity, would you divide or multiply
your answers willingly?
Am I the only one that sees the patterns visually? Am I the only one in my l
ife that can intervene?
On set with Dirty Dike, you know I set the herb alight
You gave me fuel to burn the mic, I owed you one, literally
Now I'm on the Dartford crossing, looking at some fog and smoke
Coming from a show just off the M11 on the roads
Listening to O. Caponoe, all my listeners know we loco
On the internet we put ourselves on show to make the dough doe
Surely that's a dangerous thing for man to do regarding soul tho
Surely if you flop a crowd of people gon' be taking photos
Documenting every little slip-up on their twitter
It's a bitter, bitter shitty little world we live in nigga

Heskey, I ain't got no tekkers like no Heskey
Listening to Potter on the M3
Cruising down the motorway
Got a little show today I get P
Asking for that six bills, but I only get three
