

Round Him

Ocean Wisdom

Swimming in hate he must have been drowning
I can make a man take back that frowning
Wizzy a nutter I'd keep from round him
Heard he keep Buff tings round him
Heard he keep Nuff tings round him
I wouldn't try hype up round him
I wouldn't try pipe up round him

Heard he got a Buss down square on the end of the chain
An he let it hang round him
An he don't ever let a snake hang round him
And he don't ever let a fake hang round him
I heard the same man that he robbed back then nowadays wanna hang round him
Did you clock
There's a rich energy round him
An a lot of paradis Hennessy round him
That's what I heard
An I am him
Back then stamping on a mans chin
To
Chin chinning in a mansion
Sittin' ere plotting on a global expansion
Back when I had white
Purple too
Old skool I would call that a cramp twin
I can rob a crop in my crocs not ramping
I can drop the top
Drive by an just blank him
He won't let it off wid his shy lil hand ting
I ain't gotta keep from round him
Remember when tee dragged me from round him
He was knocked out I was ground and pounding still
You ever beat up some flesh till the
Conscience left and the sirens sounding
He said don't wind me up so I wound him
Anytime I see him I gotta wound him
Bet the depth of the wound astounding
Never crept for ur goons on a outing
While the chain on ur kneck got you pouting
And the nature of the net got you shouting
And ur new address got me re routing
Bro I wouldn't try sip on that fountain
I'ma get me a lot if ur doubting

Swimming in hate he must have been drowning
I can make a man take back that frowning
Wizzy a nutter I'd keep from round him
Heard he keep Buff tings round him
Heard he keep Nuff tings round him
I wouldn't try hype up round him
I wouldn't try pipe up round him

Really made a man take back his frown
He really made a man go take that down
I heard they ran back what they stole ca they know they don't wanna see man
on a outing
Blickys and wetters them niggas make noise

I heard he got nuff tings round him
Superstar bitches and model chicks
All I see is bare buff tings round him
Heard they try diss him
Whole lot of typing
Then went in to hiding
They must have found him
Left him in Haiti man must have drowned him
Heard it in the outro man must have skied it
Coulda been jigga it could have been me
It could have been skizzy it could have been tee
Heard that pussy got slapped from far
For all we know it could have been dousim
Still in his bag someone tell em stop ramping
I heard hes still on bail for the mad ting
Heard he pull strings all over the atlas
Built from the ground up nigga no cappin'
Niggas coulda helped but they arse was flappin'
Bank on me how accounts start mounting
Heard a prick say he weren't buying it
Anytime I see em I'ma bine it

Swimming in hate he must have been drowning
I can make a man take back that frowning
Wizzy a nutter I'd keep from round him
Heard he keep Buff tings round him
Heard he keep Nuff tings round him
I wouldn't try hype up round him
I wouldn't try pipe up round him

That's what I heard

Knife
Gun
Knife
Gun
