I cannot tolerate adis no abbaba
These niggas singing like abba but a brudda like me could never touch mic an

Falalala not for me na na na NEVADAT
I'm an anomaly when I rap ain't nobody
Deter enemies better than me when I shell a track I had to fuck her an send
her back
In my defence like a centre back I got the gym wid the plot for the heli pad
Why would I want her in any pad?
Not to be stroppey a Debbie but don't be just stepping obnoxious and dibing m
y property
All ca I let u on top of me gotta be properly cocky an uppity
To think u got me u luckily possibly might have the chance to be topping me
That's it that just be the way that it's gotta be
I won the lottery
Sign where the dotted be
Swear I'm the godliest one in the monastery
Nobody stopping me I got this drip on me
I got the drop on me an them man can't get the drop on me
Nobody Robbin me I got this blonde wid me
She wanna rock wid me
She was like

Bitches be loving me I'm on this jet
Didn't fly publicly
I'm flying around like a tour an that's in between flying around on a tour
Only a man of my word if were not in a war meaning by any means I'ma score
I'm in a German I'm swerving not curbing the Porsche
An it coming wid 800 horse an it won innovation awards and it come wid the s
uade on the floor
And the accelerational force or aka the torque
Kinda feel like a plane when it launch
An I don't wanna race I'm mature
But the camera still take me to court
An it's bait beca I'm tryna stay within laws
But the twiny V8 can do blatantly more it's a chore
An I cannot relate to a Corsa or Ford
In this brand new m8 it's carbon to the core
If I went on a date she'd be dropping her jaw
And then dropping her jaw and then dropping her draws
She on all fours I'm mopping the floor
Ca she was leaking a lot on the floor
She was like wizzy you're a
