

Stubborn Again

Ocean Wisdom

Listen

Long time I ain't seen a car that's stolen
I ain't gotta watch what road I roll on
Nigga like me wid the largest house on the road
I hear the white man moaning
At 7 this morning
Made me a juice an a toast then lotioned
Heated floor an a freshly squeezed
An the bitch wid me just keeps encroaching
I ain't checked my phone yet
A peaceful start is the best component
I can't be lookin' at that all early
Emails an I watch a programme

GMB

Just had me a white man moment
Go to stoodz
An I shake that off ca I gotta spit stuff an I can't sound bogus
See how he just dove in
To the frozen lake kneck bone broken
In the same way that I break man's kneck
If he disrespect or threat wid poking
Ay u must be joking the growth was mad
McKaulaly Kaulkin
A cocaine bag wid a dusty nose in
And I gave that out like I loved to dose em
Not all of us posers if I while out I be breaking noses
Then I cool of wid a one to cali while them man over there
Burn bush like Moses
What's my problem
I tell u right now I wan rob him
Too many man act like they from Compton
But they cappin' constant
I'm the captain constant I'm the constant I'ma crack his conscience
But before let me crack coconuts on the concrete concussed unconscious

Wizzy being stubborn again
Stood out there in the rain
Won't come play
He ain't been thuggin' the same
But he still rap wid pain
I'ma complain
He be too rich right now
To be still chattin' that flame
An I think same
Sat there in my velvet sheets
An I blow the ash stain from the window frame

Wizzy being stubborn again
Stood out there in the rain
Won't come play
He ain't been thuggin' the same
But he still rap wid pain
I'ma complain
He be too rich right now
To be still chattin' that flame

An I think same
Sat there in my velvet sheets
An I blow the ash stain from the window frame

If you wanna talk better talk to me properly
Long journey come a long way from mumsies steering me away from poverty
All them struggles
Hustle and bustle
Look at us now
Now look properly
Them man have been hating on man for years I bet they're still hating probab
ly
I just keep my head down yeah that's my philosophy
None of them man cant ever try bother me
Na me na care bout them
Big name where me na hear bout them
Them man dere wanna bat on a drive on the left hand drive for the cheese and
lem
Man wanna talk bout they know me but none of them man dere are my friend
Ain't got time for the bore and leng
Ain't got time for the begfriend
Long time seen a bike that's stolen
Got my nigga in the HMP right now hes looking all ripped and swollen
Couple trips to hatton garden neck and wrist is shiny and golden
Gyal wan rip of my shirt like hogan soon as I buss my slogen
Fuck them man there's nutting I owe dem
Out in the rain let's go then
Underground like rodents
Old skool lemon and cheese it's potent
I'm born and ready for any given moment
If it's beef then who's the opponent
Fuck them man I ain't with them
Let me give Ocean Wisdom
More music for the system

Wizzy being stubborn again
Stood out there in the rain
Won't come play
He ain't been thuggin' the same
But he still rap wid pain
I'ma complain
He be too rich right now
To be still chattin' that flame
An I think same
Sat there in my velvet sheets
An I blow the ash stain from the window frame

Wizzy being stubborn again
Stood out there in the rain
Won't come play
He ain't been thuggin' the same
But he still rap wid pain
I'ma complain
He be too rich right now
To be still chattin' that flame
An I think same
Sat there in my velvet sheets
An I blow the ash stain from the window frame
