Ayy

Ayy, look, uh

Let me come with a quick three-point like 'swoosh'

See the way I wade through mush

See the way I find green that's kush, not bush

See the way I rock that coat, did you clock my boat, do I look flustered?

You ain't really cut the mustard

Try to bag it, but you got busted, heh

You dead, heh

Let me come with a quick three-point like 'swoosh'

See the way I wade through mush

See the way I find green that's kush, not bush

See the way I rock that coat, did you clock my boat, do I look flustered?

Over and over and over again (how many times though?)

I been over this with you so many times if you'd only listen (like you never do)

Now I'm on thirty-two thou', I need an answer right now

Screw face to a top dog, you shouldn't be doing all that (no way)

No, you shouldn't be doing all that

Your face

Your face I ruin all that (kapow)

Screw face to a top dog, that's why the crowd boo and all that

What's your chat done?

Ca' it seems evident it paid no dividends

What your rap done?

Ca' it seems evident he made no likkle pence

I speculate in defence

Meanwhile

Mens dipping on speculars

Looking spectacular

Look at my Benz

Wait, look at my beamer

Look at my Shelby

Look at this length

Wait, look at this grade A spray

Oi, look 'em in the forehead or the face, see him melt

I couldn't do it like nobody else
