

## The Event

Oceano

Explosions and screams resonate in the distance  
Notice the thousands lifeless at your feet  
Overwhelmed with fear  
Struggling for breath  
And a recollection of why you're still here  
Everyone has left  
Everyone has left you here  
You were condemned to die here  
Endure the event  
Condemned, discarded, left to decay  
Intake your final breaths  
And recollect of why you were abandoned here  
Above a sky so bleak the sun intensely burns  
Scorching through the lands  
Until no sign of life is visible  
The environment has transformed into an abysm  
The terrain begins to quake as billows of smog erupt  
It all unfolds  
Earth is engulfed and exists no longer  
All life disposed
