

Break

Oceans Divide

Coming up beneath my skin, turn around to see your grin
I'm going crazy
Say, "look the other way, should I make you feel my pain?"
I'm thinking maybe

Cause it's far from over
You'll soon be mine
And when the dark turns into light
I will bleed you alive

I want to watch you break, I want to see you fall
I'll be the one to put your back against the wall
I'll take away your pain to make you bleed again
Just to see you crumble right before my eyes

Tread a doubt within your mind, look inside and you will find
You're going crazy
I think you know me all too well, I'll make your life a living
hell
Shoulda let me be, shoulda let me be

Cause it's far from over
You'll soon be mine
And when the dark turns into light
I will bleed you alive

I want to watch you break, I want to see you fall
I'll be the one to put your back against the wall
I'll take away your pain to make you bleed again
Just to see you crumble right before my eyes

I want to watch you break, I want to see you fall
I'll be the one to put your back against the wall
I'll take away your pain to make you bleed again
Just to see you crumble right before my eyes
