Oh look there's a new social media trend
Have to do it like they do it on the stream event
Watch me doing stupid silly things
Cause I want to be the internet king

Love the beauty, hate the ugly, be the internet troll
Waste your time, don't be shy, sell your innocent soul

Bow down to the crowd
Big time corporate overlords
Addictive sensation
Humiliation
Slow down, hold your breath
Standing still is certain death
In this cycle of consumption

Sell your flesh for the fame
'Cause it's just a funny game

Love the beauty, hate the ugly, be the internet troll
Waste your time, don't be shy, sell your innocent soul

Holding on to our phones
Poisoning our minds
Drones for creation
Gamification
Braindead fellowship
Addiction makes us blind
Can't we do better than that?
