## Oceans

You're a castle made of cold  
Like ice you break every hope  
We once shared a sky of gold  
Now all is broken down  
All is broken and drowned

Oh, I wish I could levitate  
So high I could feel you  
If you want me to, I will wait  
Oh, I can't reach you  
If I could reach you

Use me!  
Abuse me!  
Hate me!  
Break me!  
Degrade me!

I want to wear your skin!  
I want to wear your skin!  
I want to wear your skin!  
And hide forever inside

You're a vessel filled with hope  
Let me drink from your light  
Like the wind for a sailor's boat  
I need you now  
Oh please, will you just

Stay with me!  
Stay with me!  
'Cause without you I cannot breathe  
So why won't you stay with me  
Stay with me  
Forever!

Use me!  
Abuse me!  
Hate me!  
Break me!  
Degrade me!

I want to wear your skin!  
I want to wear your skin!  
I want to wear your skin!  
And hide forever inside!

I want to wear your skin!  
I want to wear your skin!  
I want to wear your skin!  
And hide forever inside!
