I've sacrificed all that I have got  
You wanted everything

Pour your darkness over me  
Let me drown inside the void  
Oh hate is such a lovely word

Paint my heart black  
And let the nightmares in  
If pain is what you want  
Then let the horrors beneath your skin

I let the shadows in  
In darkness I am king  
And you can't take my crown  
You can't take the crown  
You can't take the

You can't take the crown  
You can't take it  
Say it into my face  
Or I'll break it  
You can't take the crown  
No you can't take it  
Say it into my face  
Or I'll break it

I'll break your fucking face

I am king  
I am king  
I am king
