

Without You

Ocie Elliott

I wanna know you, you wanna know me
I wanna hold you, honey, you wanna hold me

'Cause the world's a hard place
The world's a hard place
The world's a hard place, without you

Can't you see, I need you
Can't you see, I need you

I wanna love you, you wanna love me
I wanna kiss you, honey, you wanna kiss me

'Cause the world's a hard place
The world's a hard place
The world's a hard place, without you

Can't you see, I need you
Can't you see, I need you
Can't you see, I need you
