I don't really care now

That moonlight spotlight shines on me
Follow me and contact my heart
Oh, oh, oh, oh, oh, oh, oh, oh, oh
My heart's racing the most today
Maybe this show is for me
It's a dream don't wanna awake from
Oh, oh, oh, oh, oh, oh, oh, oh, oh
Fly me to the moon now

Some fantasy bewitches me
I keep coming back to this melody
In that moment it becomes louder
I don't really care now

The milky way covers me
I'm not insane
The song of the clear moonlight
I don't really care now
Can you find out the secret
Inside my hidden heart?
The lights pours through
I don't really care now

The unstoppable star showers
Fall onto me
(Oh, oh, oh, oh, oh, oh, oh, oh, oh)
Falling to the moon now

This harmony deep in my head
I keep coming back to it endlessly
In that moment I start singing
I don't really care now

The milky way covers me
I am not insane
The song of the clear moonlight
I don't really care now
Can you find out the secret
Inside my hidden heart?
The lights pours through
I don't really care now

That moonlight spotlight shines on me
Follow me and contact my heart
(Oh, oh, oh, oh, oh, oh, oh, oh, oh)
(Oh, oh, oh, oh, oh, oh, oh, oh, oh)
Deja vu of the night I can't remember
This moment it rises in my eyes
I don't really care now

Three moons rise at once
I'm not insane
Time stops in the meantime
I don't really care now
Did I show you the secret
Inside your hidden heart?
This endless night
I don't really care now
