000 0 00 00 now, see it through
You don't know what is real

Close your eyes and look around
No one can find you here
Float brightly
Speeding up from excitement
So you won't dim out
I fly at your same speed
Vigorously
Your light's astounding
You drifted apart and I don't want to lose you again
I've been waiting
That unforgettable
Memory with you
Hoping you'd show
Until we could reach
I've been dreaming
Now you're in your area, you'll never know but
Feel this

Thrilling, thrilling, thrilling
Anything you want
Dreaming, dreaming, dreaming
I'll follow
Into the painting you create
I feel like I'll fall in deeply

Look clearly, close your eyes and now, see it through
Look clearly, close your eyes and now, see it through
Look clearly, close your eyes and now, feel it too
Look clearly, close your eyes and now, see it through
You don't know what is real

Sometimes you use superpowers, yeah
Every time, you create me anew (Don't know what is real)
Don't know what is real
A strange feeling buoyant
Hold my hand
I trust in your power
Even if it hurts sometimes
You are reborn
That light's astounding
Now, you're in your area, you don't know yet but
I've been waiting
For this feeling right now
Flying in the wind
Hair yours and mine
Standing beside me
A smile like mine
Now, you're in my area, you'll never know but

Every days, every trip
Don't say that everything will be forgotten in the end

But now, we are here
Focus, don't lose
Every face, every dream
Find me in there, like usual
Close your eyes and now, you see it through
The deeper we get, I feel it too
Feel this

Thrilling, thrilling, thrilling
Anything you want
Dreaming, dreaming, dreaming
I'll follow
Into the painting you create
I feel like I'll fall in deeply

Look clearly, close your eyes and now, see it through
