

## Be Easy

Odeal

Attends, she keleva  
Whine your waist, o da bi rubber  
Me and you, I think its fate  
You be custard and I'll be your cake

Patience is a virtue  
But it's virtually useless  
To text me how you feel  
The feelings mutual  
Come see me  
Girl come see me  
Girl come see me  
Girl come  
Girl come see me  
Girl come see me

All the risky test that you be sending not a screenshot  
Down for the cause, that's what I love  
It's so easy  
It's so easy  
It's so easy  
It's so easy  
It's so easy  
It's so easy  
It's so

Attends, she keleva  
Whine your waist, o da bi rubber  
Me and you, I think its fate  
You be custard and I'll be your cake x2

Pineapple juice when you facetime me  
You need a man with his head screwed on  
And I on the best head pon my shoulders  
Flip you round like rollercoaster  
When there's no space on the roster

I'll make room for you baby  
Excuses don't phase me  
Your bumper go crazy  
When you turn 180 Girl, drop your location  
I'm on my way

Attends, she keleva  
Whine your waist, one corner  
Cheat on me, I will cheat on you  
Two in a team and I chose you

Attends, she keleva  
Whine your waist, o da bi rubber  
Me and you, I think its fate  
You be custard and I'll be your cake

Attends, she keleva  
Whine your waist, one corner  
Cheat on me, I will cheat on you  
Two in a team and I chose you

Attends, she keleva  
Whine your waist, o da bi rubber  
Me and you, I think its fate  
You be custard and I'll be your cake
