

Brownskin

Odeal

It's O, ah

See lately you've been texting me
All that freaky shit you saying
You don't end up doing any and it's vexing me
Girl, I don't wanna know if it ain't real life
All I wanna do is make you feel right
I ain't into saying, never doing
Girl, I seen it all, and its all lies, all lies, yeah
I got the sauce, you got the juice
Ain't supposed to mix, but when we do
I make her dance, I make her move
All inside my room, yeah
On cloud nine, she in the mood, ayy
On cloud nine, she in the mood, ayy
I call her boo so she won't be rude
She screw when she walks through

But I want her
Tell her that I need her
Tell her I want to keep her
Let her know, let her know
That I love her
Tell her that I need her
Tell her I want to keep her
Let her know, let her know

She my brownskin, (She my brownskin)
Never wanna leave her, no (Never wanna leave her)
I ain't fronting, (I ain't fronting)
Gonna be your
She my brownskin, (She my brownskin)
Never wanna leave her, no (Never wanna leave her)
I ain't fronting, (I ain't fronting)
I wanna be your

She give me stress, but she give me life
And she know that I ain't like them other guys
She love it when I'm looking deep into her eyes
And she love it when I'm gripping on her thighs
She tell me, "Stop, je parlé Français"
Honey, I ain't tryna hear what you're tryna say, ayy
I might put her on a plate
She ain't a snack, she a meal for the day, ayy
Baby no way, (No way)
See I can't go a day (A day)
Without you, mm, without you
I can not sleep without you
Wake up without you
My days have been restless
Because I keep screaming

But I want her
Tell her that I need her
Tell her I want to keep her
Let her know, let her know
That I love her

Tell her that I need her
Tell her I want to keep her
Let her know, let her know

She my brownskin, (She my brownskin)
Never wanna leave her, no (Never wanna leave her)
I ain't fronting, (I ain't fronting)
Gonna be your
She my brownskin, (She my brownskin)
Never wanna leave her, no (Never wanna leave her)
I ain't fronting, (I ain't fronting)
