

# Coffee (Don't Read Signs)

Odeal

Why do you avoid it?  
You're beating 'round the bush  
I'll beat around it too  
It seems like you're confident  
But with me you're unsure and you're holding back, girl (Oh-oh, oh, oh-  
oh, holding back, girl)  
Haffi take a leap of faith, baby, oh  
Love don't have no shame, baby, oh  
I'm ready to match your energy (Energy)  
Your energy, oh

Time doesn't wait (You know)  
I'm oblivious 'til the day  
You tell me what you want (You want)  
Got a feeling we want the same thing  
And even though I know (I know)  
I'ma play this guessing game  
'Til I feel the weight of your pressure, baby  
I'ma lay back and leave you to

Wake up and smell the coffee, oh  
See liking pictures isn't enough for me  
To know, that you're tryna get involved with me  
Better shoot your shot and do it properly  
'Cause I don't read signs  
Girl, I'm tryna know what's on your mind  
Send me a text or somethin', I'll reply  
Tryna know what's on your mind, open wide

We been strangers for so long now that it's unusual (Who knows)  
Shooting your shot's not a thing that you do 'cause you doubt you'll score,  
oh  
But of course, when you decide (To take)  
To take a chance, I'll be there to take your hand  
Girl, 'cause I, have been patiently waiting for
