

Drain Me

Odeal

Had to block that girl 'cause she used to drain me
Never thought they'd see me shine, now they hella shady
Mama taught me how to stand out, that kinda shaped me
But it's on my playground, niggas wanna play in
Told my professor, "Deuces, I'm on vacation"
Melodies I'm making, blocking out the fake shit
I can't wait to tell my mum, "Look mum, I made it"
I can't wait to tell my mum, "Look mum, I made it"

I must to chase my dollar, oh
Get my money, make my stack taller, oh
Always pick me up when I fall down
Mama says I'm far from immortal
But my dollar, I need my dollar, oh
Get my money, make my stack taller, oh
Always picks me up when I fall down
I know that I'm far from immortal, but my dollar, yeah

They can't hack it
Ball off my talent, know that they can't hack it
Fall off for what I got that's in my pocket
Little on my back, I only had one jacket and shoe to my name
Years went by, music started popping, I was doing alright
Solved my mama's problems, I was doing just fine
Even lost my job and I still had one jacket and shoe to my name
But praise the Lord 'till the early morn'
Waking up and I can see the money
Waking up inna break of dawn
I haffi thank the Lord that I can see the morning
Waking up in the early morning
Praise the Lord that I could see the sun
Countless times they try stop the shine, but it never works

Had to block that girl 'cause she used to drain me
Never thought they'd see me shine, now they hella shady
Mama taught me how to stand out, that kinda shaped me
But it's on my playground, niggas wanna play in
Told my professor, "Deuces, I'm on vacation"
Melodies I'm making, blocking out the fake shit
I can't wait to tell my mum, "Look mum, I made it"
I can't wait to tell my mum, "Look mum, I made it"

I must to chase my dollar, oh
Get my money, make my stack taller, oh
Always pick me up when I fall down
Mama says I'm far from immortal
But my dollar, I need my dollar, oh
Get my money, make my stack taller, oh
Mama says I'm far from immortal
I know that I'm far from immortal, but my dollar, yeah
