

# Gaslight 101

Odeal

Even for a while, I'll love  
Woah  
Oh-ooh-woah  
Oh-oh  
Oh-oh

I been silent for the past few months  
Promised to call you back, but I didn't of course  
Take it as it was your last straw  
So I delayed it till the very last moment  
Scared of bein' told what I didn't wanna hear  
Procrastinatin', babe, I didn't ghost you

Oh, so now you wanna act clueless  
Like, who's this? I'm foolish  
But don't be stupid (Can't let you hang around)  
If this is what we're doin'  
Bein' ruthless, then you win  
'Cause I won't do it  
Ooh (If you do, don't, don't)

We should be romancin' somewhere in Jamaica  
Makin' love in Lagos, wake up the neighbours  
We should be romancin' somewhere in Jamaica  
Let the music take us  
For goodness sake, 'ness sake, oh, oh  
Then we dancin' slow  
Yeah, yeah, uh-huh

I heard you still fuckin' with your ex  
I'm just curious, not vexed  
So don't ask me how I know now darling  
At least, you ain't alone, I think it's better, better  
But when you're done thinkin' with your head  
Hope it hits you in the chest, then you'll know you ain't bulletproof  
I'll be there to bring your heartbeat back, girl

Oh, so now you wanna act clueless  
Like, who's this? I'm foolish  
But don't be stupid  
If this is what we're doin'  
Bein' ruthless, then you win  
'Cause I won't do it  
Ooh

We should be romancin' somewhere in Jamaica  
Makin' love in Lagos, wake up the neighbours  
We should be romancin' somewhere in Jamaica  
Let the music take us  
For goodness sake, 'ness sake, oh, oh
