

## HBTS (Haven't Been The Same)

Odeal

I haven't felt the same  
I haven't  
Haven't felt the same

If you forgot I'll remind yuh  
'Cause you don't understand what you did  
All the cards on my chest  
I laid 'em flat on your table

Who I was doesn't matter no  
But if a man who hasn't lived is what you need baby

Yeah

I feel like we lacked understanding  
Took flight with no plans of landing

Yeah yeah  
No

You caught wind of the past I get it (I get it)  
And it certainly changed our rhythm but  
You barely let me get a sentence out  
But what's worse is you actually giving up

If me begging on my knees what you need  
Old school in the rain as I plead  
Then let go! Hunny, I'm 'a slide to ya crib  
Don't let go!  
Girl I need you more than you think

'Cause I haven't felt the same  
I haven't felt the same  
I feel like you lacked understanding  
Took flight with no plans of landing
