

## Mr Workerman

Odeal

Mr. Workerman, you not fin' take away my best friend  
You know mi never could love again if you take her from me  
Mr. Loverman, you not fin' take away my best friend  
You know mi never could love again if you take her from me, oh

Mr. Workerman, work in peace  
The love of my life should be left with me 'cause I know you go  
t two or three, yeah  
Try to understand, before you reach  
I be givin' her all of my energy, and she received it endlessly  
, oh, oh

Girl, don't tell me it's over 'cause I had to keep it moving  
I'm never, not gettin' over you  
I see your heart gettin' colder  
Try not to leave so soon  
Conversation is overdue

Mr. Workerman, you not fin' take away my best friend  
You know mi never could love again if you take her from me  
Mr. Loverman, you not fin' take away my best friend  
You know mi never could love again if you take her from me  
Oh

Oh, I see you both from far  
And the emotions start again  
How did you move so fast?  
Had to keep it calm with it  
If you're the main attraction  
I could figure out a distraction  
'Cause if the loverman thinks that's love  
He ain't showin' you a fraction

Girl, don't tell me it's over 'cause I had to keep it moving  
I'm never not gettin' over you  
I see your heart gettin' colder  
Try not to leave so soon  
Conversation is overdue
