

# My Heart

Odeal

Don't stop what you doing now, baby  
Tell them feelings, "Keep quiet."  
We both understand it already  
Nostalgia, I want it  
Ready to win you over  
Baby, I'm far from sober  
On the way up and you're the drug

I'm gonna trust with my heart  
I feel the works of my heart tonight  
I'm gonna trust with my heart  
I feel the works of my heart tonight

Sapa wea  
Saba do ah, ay uh  
Sabeen away, ah  
Sapa wea  
Saba do ah, ay uh  
Sabeen away ah

Remember those days  
I was out weekends long nights  
I was out freakin' deakin'  
Making out afters  
Having some fun  
You caught another in my arms  
And they caught you a bug  
Then again we ain't so tuff you see  
Can't get over you

I'm gonna trust with my heart  
I feel the works of my heart tonight  
I'm gonna trust with my heart  
I feel the works of my heart tonight

Sapa wea  
Saba do ah, ay uh  
Sabeen away, ah  
Sapa wea  
Saba do ah, ay uh  
Sabeen away ah  
Sapa wea  
Saba do ah, ay uh  
Sabeen away, ah  
Sapa wea  
Saba do ah, ay uh  
Sabeen away ah

I'm gonna trust with my heart  
I feel the works of my heart tonight  
I'm gonna trust with my heart  
I feel the works of my heart tonight
