

Not Your Man

Odeal

What you sayin' Q?

Girl, I'm not your nigga when you're talkin' another
Drive right past you (Drive right past you, woah)
Think 'bout what we got, it don't need no title, I'll just glide right past (Oh, oh)
'Cause when you get home, you gon' get this
Deep inna your belly, you gon' get this
Lined on your block like Tetris
Whenever you tell me to come over and get it
When I come home, you gon' get this
Deep inna your belly, you gon' get this
Call me when you wanna to come get it
Choke above, choke above your necklace (Mm)

I'm down to go with the flow with you, ooh
Havin' fun, feelin' like myself with you, ooh (Oh-oh)
Yes, yeah, oh-oooh-woah, uh

Angelina, jolie your ménage
No gettin' past the body way you pack
Cash every jigga when you're walkin' right past
Slow down to wave like it's a drive-by
Physically, girl, you took me down
You need a ride [?] someone like I
You need the balance, I know [?]
Forget your body, I just like you 'cause
'Cause I get you fine by yourself (Fine by yourself)
Don't need a man, you're on your own (Oh, oh)
But I feel better beside you (Oh, oh)
It's true, I would be sad to see you go
Whether you're, with a man or on your own
You need to stay close
Long as we together

I'm down to go with the flow with you, ooh
Havin' fun, feelin' like myself with you, ooh (Oh-oh)
Yes, yeah, oh-oooh-woah, uh
