In your chains I've been waiting long  
Somewhere I crossed the line  
Guilty of saying my mind, yeah-yeah  
With the hopes that all your choices still revolve 'round me  
Broken-hearted but not hopeless  
As long as I'm trying, just don't ignore me  
No, yeah, and I can't let you go-go-go-go, lemme tell you

Girl, you give me pressure, uh, that's why I treasure, uh  
In you I see success, uh, that's why I'm obsessed, uh  
Your whine is my leisure, uh, my only treasure, uh  
Without you I'm lonely, uh, that's why I can't leave you alone  
Mm-mm, no, oh, can't leave you alone
