Silent

Odeal

Miss Simple
She don't want no Gucci bag or Prada, nada, na
She don't know her daddy, well I'm proud on his behalf
Beautiful future, tell her never look behind
Put that ting there yeah, if you don't mind

Miss I'm, mesmerised by your eyes
Every time mi see ya, mi ah starstruck
But it's fine, aim for the stars
I leave everything to aim for your heart, girl
Do a madness, make your leg touch your head back
Gymnastics
Girl you flipping but man make yuh do backflips
Like a natural, I loving her tactics
Supernatural

Stay silent
Anything you say will be used against you inna di room
Stay silent
Me the officer, you the criminal
Any sudden movements, me affi restrain you
Silent
Stay silent
Me the officer, you're the criminal
Baby keep the noise to a minimum
If you resist, then I'ma have to pin you down

Yuh ask me what you want
Mi have two agenda
Mi want to give you a night to remember
Mi want an anniversary pon the calendar
Mi nuh go runaway
Send the Devil and tell me the truth
Is your ex still fucking with you?
Imma [?] to do
I ain't tryna waste my time

Miss I'm, mesmerised by your eyes
