Making love in Lasgidi was the vibes last summer  
Poolside vibes, then turn up  
I'm with the goons and the girls in the blacked out Hummer  
With the windows down and holla  
Was it something you wore that caught me? Maybe  
Presence, style and aura  
Can I get your name, miss lady? (Yessir)  
Whatever you want, just name it (For sure)

Girl, let's be honest, the things I would do  
I fit to spend pounds on you, I fit to spend dolls on you  
A hundred niggas on you, so I spend one milli' on you  
You know I'm really on you, yeah-yeah-yeah, oh

Soh-soh, soh-soh  
Soh-doh, skelewa  
Skido wa, mo ni, mo wa  
Sa mo ni, kini mi ni, nyasowo  
Soh-soh, soh-soh  
Soh-doh, skelewa  
Skido wa, mo ni, mo wa  
Sa mo ni, kini mi ni, nyasowo

Like colours of the rainbow  
Your prescence, starts to make me feel like a pot of gold, ooh-oooh  
Still struggle to compare you  
Your presence like an angel, somethin' like a brand new hope  
Oh, full of ideas, tongue twisted when you tease  
Stop and stare, room shakes, when you reach down  
Pull-up jeans, yeah, that waistline forever  
Up upon it, you say, "Go easy, stop it now"  
Pull up at this time, tongue twisted when you tease  
Stop and stare, roll shakes, when you reach down  
Pull-up jeans, yeah, that waistline forever  
And upon it, you say, "Go easy, stop it now"

Girl, let's be honest, the things I would do (To you)  
I fit to spend pounds on you (Woah), I fit to spend dolls on you  
A hundred niggas on you (On you), so I spend one milli' on you  
You know I'm really on you, yeah-yeah-yeah, oh

Soh-soh, soh-soh
