Baby, show me something, ayy, ayy
'Cause you owe me something
All of your feelingsmething down low
Long as you keep it on the down low
Baby, show me something
'Cause I need that something yeah, yeah

See, I don't know if you're meant for me, yeah
But I won't burst ya bubble, I'ma get to know ya, oh
And I don't know if you're right for me
But I don't see a problem if I get to know you
See, I ain't aiming to own you
Omoge tek time, don't fall in love, oh
When the beat bounce, yeah, she must go down
You suffer heartbreak like once in your life, ayy
Doesn't mean every man gotta make vows
Omoge tek time, don't fall in love, oh
When the beat bounce, yeah, she must go down
Tell the DJ don't slow it down, oh
'Cause I don't want you feeling those emotions

Baby, show me something, ayy, ayy
'Cause you owe me something
All of your feelingsmething down low
Long as you keep it on the down low
Baby, show me something
'Cause I need that something yeah, yeah

See, I don't know if you're meant for me, yeah
But you got something I like, yeah, girl
And it's okay if you decline me
There's a couple hundred girl up in the dance
Hear the rules, if you wanna get with me, yeah
Omoge tek time, don't fall in love, oh
When the beat bounce, yeah, she must go down
You suffer heartbreak like once in your life, ayy
Doesn't mean every man gotta make vows to ya
And if you don't believe me, you can test my gangster
I can tell you've been dealing with some pranksters
Yeah, but not me

Baby, show me something, ayy, ayy
'Cause you owe me something
I know you're feeling something down low
Long as you keep it on the down low, mm
Baby, show me something
'Cause I need that something yeah, yeah

Take time, girl, don't fall in love
I heard you've been outta this for a long time
I understand, that's fine
But I'm just here for a good time, not a long time, ooh
Baby, show me, hey

Baby, show me something, ayy, ayy

'Cause you owe me something
I know you're feeling something down low
Long as you keep it on the down low, mm
Baby, show me something
'Cause I need that something yeah, yeah
