

Take Me

Odeal

She a mysterious caller
When she bell my line, me, ah, go forward
Touchin' her body, getting warmer
Touchin' her body make her water, uh

If she cheat, mi na go cheat back
Girl, when me say me, ah, go eat that, yeah
If she smile, you know me sweet that
'Cause that's something that she owns

Take me
Oh
Take me away
Take me
Oh
Take me away
Take me
Oh
Take me away
Take me
Oh
Please take me, uh
Take me away

The things that you make me wanna do
For ya
Friends hating, they tryna play it down
Oh, yeah
Cover up my ears whenever they talk
Oh yeah
Love's a game, the title's what we play it for
Cross my heart and hope to drop, girl, I'm indebted
You gave yours and ever since we didn't regret it
We locked in, no turning back
Unless you arch it and throwin' back

Take me
Oh
Take me away
Take me
Oh
Take me away
Take me
Oh
Take me away
Take me
Oh
Take me away

If they ask, "Who's pussy?"
Would you say it's mine?
Five jookins in a day, it's fine
We going for like eight next time
She with me for life

I wanna kiss onto your throat
Girl, you get me hard

From the night until the morning
Girl, I wanna fu-

Take me
Oh
Take me away
Take me
Oh
Take me away
Take me
Oh
Take me away
Take me
Oh
Take me away
