

Vicious Cycle (Policeman)

Odeal

Policeman, officer, please
I think that the murder she caused last night
Was because of me
I done drove her to frustration
And it wasn't her fault
She in a vicious cycle
Of frustration
And it wasn't her fault
I made a vicious psycho
(Oh wow)

Rum pa pa pum, rum pa pa pum

She just buss her gun, yeah
Ra ta ta ta, ra ta ta ta
Then she ran
She a real time bad gyal
Island girl, when yuh talk, she nuh answer
She the baddest, she a real time gangsta
And when she roll up the draw
She just smoke 'til she high

Since the
First night when I gave her good woody, yeah
She's never let go
The feeling kept
Burning-a, burn-, b- burn-, burning
'Til somebody got hurt
Shouldn't have left her (Ooh ooh, huh, oh)
I think I made a vicious psycho
Got her in a vicious cycle
Ooh, no no no no
And you don't need to take her away
'Cause she didn't have no choice but to do it (Officer please)
