

What You Need

Odeal

I got what you, you been missin', you been missin'
I got what you, you been missin'
Mm-hmm, yeah, yeah, uh
Y

I've been stressin'
Every week, it's a new foreign location on the 'Gram, doin' extra
New people in your life every minute, even got a new bestie
I ain't the one to play with baby girl, you've been messy
You've been doin' extra

Can't tell me you regret this
Had me thinkin' would you go or would you stay? Had me feeling like it's Bre
xit
Watch your tone, drum it down, baby girl, I put diamonds on your necklace
I ain't even got a problem, what's yours? Tell me why are you vexin'?
Baby, why are you vexin'? Yeah

So, baby just come back to me
I can't let you leave
You be missin' me
I got what you need
See, baby just don't run from me
'Cause I got what you need
You should trust in me
'Cause I got what you need

Backbone
None of these niggas go deep as your backbone
I'm the one calling when you get back home
I'm the one you talk to when you get back home
It's just me, yeah
'Cause no one's got passion the way I got passion
If you give passion, girl, I give you access
Only direction is when I say, "Action" girl
Can't act like life without you's been a movie
Baby, it's been a horror one, uh
Without you, my nights have been cold, uh, uh
And if you ever need me, call my number, baby, just call me
I've been waitin' for you to come home
Can't imagine my life without you

So, baby just come back to me
I can't let you leave (I can't let you leave)
You be missin' me (You been missin' me)
I got what you need (I got what you need)
See, baby just don't run from me
'Cause I got what you need
You should trust in me
'Cause I got what you need

Come back to me (Come back to me)
I got what you need
You've been missin' me (Come back to me)
I got what you need
See, baby just don't run from me
'Cause I got what you need

You should trust in me
'Cause I got what you need

I thought I could do right by you
I know I can satisfy you
But you want way more than lovin'
That's why you still out here clubbin'
Your satisfaction means as much as mine, girl
Were those good times all for nothing?
Answer me, girl, please say something

Come back to me (Come back to me)
I can't let you leave
You've been missin' me (Come back to me)
I got what you need
See, baby just don't run from me
'Cause I got what you need
You should trust in me
'Cause I got what you need
