

Line Of Sight

ODESZA

I'm facing back to front
Over my shoulder at the sun
And it's an open door
End of my line of sight once more

And I don't learn, no I don't learn
It'll all be fine this time
And I don't learn, no I don't learn
Cos you always seemed so kind
And I don't learn, no I don't learn
It'll all be fine this time
And I don't learn, no I don't learn

I'm feeling in and out
I turn full circle round and round
So will you help me down
Come grab my hand for solid ground

And I don't learn, no I don't learn
It'll all be fine this time
And I don't learn, no I don't learn
Cos you always seemed so kind
And I don't learn, no I don't learn
It'll all be fine this time
And I don't learn, no I don't learn

Help me out, don't let me down
I could learn from you, I could learn from you
Help me out, don't let me down
I could learn from you, I could learn from you

Help me out, don't let me down
I could learn from you, I could learn from you
