

BRAINS OUT

Odetari

I-I-I'll fuck your brains out
Then I'll blow my brains out
Before I blow my brains out
I'ma fuck your brains out
I-I-I'ma kiss you on the mouth
Yeah, I'll blow my brains out
Babe, babe, babe, babe

What's this love shit all about?
I only want that mouth
You gon' sit up gettin' bowed
Then just get out the house
Bitch, I barely love myself, so love it
You two filled with doubts
It's too scary, I'm too worried
I'm too filled up with them doubts

Care 'bout nobody, ho, except for myself
I got me somethin' lil' old, shawty
Stayin' up in that shelf
I think I need some more, bodies layin' up on this couch
I hate when they get so rowdy
Bitch, we gon' turn you down

Gon' fuck your brains out, o-o-out

Fuck your brains out
Tell I'll blow my brains out
Before I blow my brains out
I'ma fuck your brains out
I-I-I'ma kiss you on the mouth
Yeah, I'll blow my brains out
Bae, bae, bae, bae

She just want my love for the check
Huh, she like cigarettes
She a smoker, she got breasts
Huh, on the chest
In my room, we make a mess, huh
She depressed and I like it
She depressed and I like it

I'ma fuck your brains out
Then I'll blow my brains out
Before I blow my brains out
I'ma fuck your brains out
I'ma kiss you on the mouth
Then I'll blow my brains out
Babe, babe, babe, babe
I-I-I'ma fuck your brains out
Then I'll blow my brains out
Before I blow my brains out
I'ma fuck your brains out
I'ma fuck your brains out
Then I'll blow my brains out
Before I blow my brains out
I'ma fuck your brains out

I'ma fuck your brains out
Then I'll blow my brains out
Before I blow my brains out
I'ma fuck your brains out
I'ma fuck your brains out
Then I'll blow my brains out
Before I blow my brains out
I'ma fuck your brains out
