

DOUBLE TROUBLE

Odetari

Tari, get over here
Too much, too much trouble for me
Too much, it's so hurtful for me, yeah

Trouble, trouble, trouble, trouble
Trouble, too much-
Trouble, too much-
Trouble, too much-
Trouble, too much-

I gotta leave her the fuck alone
Had to replace with a brand new hoe
Bad ass bitch, bad ass bitch
With an ass that bounce all the way to the floor

Labels, they tryna stop me
Funny how shorty come back in my life right now
It's perfect timing
Whatever I tell you, better stay inside your mouth
You keep it private
Whenever I walk inside the room, they know I'm finna get shinin
,

It's just me and all my bros
We don't care what you got goin' on
Tryna steal this before I got noticed
That shit is not gon' put you on
It's just me and all my bros
We don't care what you got goin' on
Tryna steal this before I got noticed
That shit is not gon' put you on

Trouble, trouble, trouble, trouble
Trouble, too much-
Trouble, too much-
Trouble, too much-
Trouble, too much-

I gotta leave her the fuck alone
Had to replace with a brand new hoe
Bad ass bitch, bad ass bitch
With an ass that bounce all the way to the floor
