

GET UP OFF ME

Odetari

I know I said I love that bitch but I ain't mean it
On the alcohol I turn into a demon
It's so hard to stop myself from falling off the deep end
Take an adderall the police said I'm speeding

I ain't mean it
Get up off me, get up off me
I ain't mean it
Get up off me, get up off me
I ain't mean it
Get up off me, get up off me
I ain't mean it
Get up off me, get up off me

I feel like I'm living in the hills
The way I'm spending money lately though it's hard to tell
I guess I'm trying to buy my way out, buy my way out
Get the fuck up off me, I don't know you
Get the fuck up off me, I don't know you
Stop, this the reason me and Tari, don't got any opps
I can get that pussy boy knocked off with just one shot

Get up off me, get up off me
I ain't mean it
Get up off me, get up off me
'Cause I ain't mean it
Get up off me, get up off me
'Cause I ain't mean it
Get up off me, get up off me

I know I said I love that bitch but I ain't mean it
On the alcohol I turn into a demon
It's so hard to stop myself from falling off the deep end
Take an adderall the police said I'm speeding

I ain't mean it
Get up off me, get up off me
'Cause I ain't mean it
