

HYPER FANG

Odetari

'Kay bye! (woo)
I see them diamonds
Chrome heart on my zipper, it's a crisis
Ain't nothin' too expensive I can buy it
I think I got more money than that boy Joe Biden (aww nahh)
I don't know who done let you in the club
Mixin pills with alcohol
All up in my system I feel numb
She want me to meet her sister, I don't give a fuck
Bored as fuck I might go shoot the city up

(UGH) That's one body
(UGH) That's two bodies
(UGH) Three
(UGH) That's my shawty
(UGH) Everybody come and scream

(UGH) That's one body
(UGH) That's two bodies
(UGH) Three
(UGH) That's my shawty
(UGH) Everybody come and scream

I see them diamonds
Chrome heart on my zipper, it's a crisis
Ain't nothin' too expensive I can buy it
I think I got more money than that boy Joe Biden

I be in the club dancing with these diamonds

Go to work, that's your shift, gotta make these blues

Baby you my number one
Bring your friend that's number two
