Ain't nobody taking you away from me, I promise
Ain't nobody in here that could say that I did you wrong
No-nobody gonna put up with you shit the way I done
Nobody is coming here to save ya, I did enough

Y-y-y-y-y-you, it's you
No one look good with me but you
Y-y-y-y-y-you, it's you
No one look good with me but you

Girl, you got me smilin'
When I'm lookin at ya, I don't wanna fall in
Girl, you got me smilin'
When I'm lookin at ya, I don't wanna fall in

Ain't nobody taking you away from me, I promise

Girl, you got me smilin'
When I'm lookin at ya, I don't wanna fall in

No one gonna love you better, baby, and I promise
I'm just being honest, girl, don't make me vomit
Fallin' out the sky like a goddamn comet
She want me to be honest, girl, you need to stop it
You used to be flawless, now you're moving lawless
Really, I can't commit
Emergency, proceed with caution
You need to come and stay with me, baby, come and lay with me
Baby, come and play with me till the sun goes down

Ain't nobody taking you away from me, I promise
Ain't nobody in here that could say that I did you wrong
No-nobody gonna put up with you shit the way I done
