

# I PEEP

Odetari

Yeah  
It's too easy  
Got 100k around my sleeve  
I mean it  
Everybody round me got teeth  
I can't feel nothing at all, no  
That's why I be poppin them beans  
My alcohol mixed with the lean  
I always be fucked up I'm sippin' codeine, codeine

I peep peep peep, I peep  
That fake shit aint fly around me  
I made 9 million past 3 weeks  
Yeah, I bet she won't leave

I peep peep peep, I peep  
That fake shit aint fly around me  
I made 9 million past 3 weeks  
Yeah, I bet she won't leave

I keep all that money on my tab

I keep it on the low  
I keep it undercover  
I keep it on the low  
I keep it undercover

Bitch you ain't shit like you say you was  
Bitch why you acting scared, bitch you scared or what?  
It really funny when I clear you up  
'Cause you leave em dead, when I'm done I don't give a fuck

You on that fake shit, yeah I peep that  
Talking all 'at shit like I wouldn't see that  
Talkin' behind ya back 'bout ya own mans  
Bitch I really rule this shit like I'm dirty dan

I keep it on the low  
I keep it undercover  
I keep it on the low  
I keep it undercover
