

MATERIAL LOVE

Odetari

Just move like it
She tryna learn
Come into my room shawty
I'll give you the whole world

Diamonds on my neck, think you need some pearls
Grabbing on your hips, Imma make it purr
Girl keep up with me, show me how you twirl
Girl keep up with me, Imma make it purr

Tari, get over here
Yeah, let's get to it
You know how to do it
You know that I'm not pursuing
Yeah, let's show them how we do it
Let's go just keep it moving

I like the way you move
There's nothing I can do
You know that I can't lose
Just pass me all the booze

They can't tell me nothing
They sleep on me like robitussin
They play my shit they bumpin'
I hear them speakers thumpin'
I hear them speakers thumpin'

I like the way you move
There's nothing I can do
You know that I can't lose
Just pass me all the booze
