

# NEVER AT EASE

Odetari

('Tari, get over here)

On my

On my face, your weight, can't breathe much (Oh)

I'll be a dog if you be my whore

I don't need to talk, need to come see more (Oh)

On my face, your weight, can't breathe much (Oh)

I'll be a dog if you be my whore

I don't need to talk, need to come see more (Oh)

I don't like this shit, but this shit still on me (Oh)

I be flyin' in private, private, probably back in the next week  
(Oh)

You know that I don't like it when you argue with me

And I know my work look fun, but trust, I'm never at ease

I'm never at ease (Never at ease)

Never at ease (Never at ease)

I'm never at peace (Never at peace)

Nah, never at peace (Never at peace)

And I don't even care about this shit anymore

I'm trying to get my money up and then I gotta go

I do this shit with ease, I don't even gotta try

It was May 23rd when I flew up to the sky

2024, I broke through the glass ceilings

Now I wait for 2025

And I got more than ever needed in life

I'm still filled up with anxiety

I'm never at ease (Never at ease)

Never at ease (Never at ease)

I'm never at peace (Never at peace)

Nah, never at peace (Never at peace)

I'm never at ease (Never at ease)

Never at ease (Never at ease)

I'm never at peace (Never at peace)

Nah, never at peace (Never at peace)

On my face, your weight, can't breathe much (Oh)

I'll be a dog if you be my whore

I don't need to talk, need to come see more (Oh)

On my face, your weight, can't breathe much (Oh)

I'll be a dog if you be my whore

I don't need to talk, need to come see more (Oh)
