This ain't no follow the leader I'm running it up and I'm taking it all

Wanna be up by my team then show me that you earn it  
Imma empty out this clip and show em how to burn it  
I can see right through that boy I'm knowing I'm observant

Run, r-r-run

If its a challenge then we finna slide  
I'm on the scene and I be on my team  
And I be on my game

Yeah, I know they be wanting slice  
I'm a winner, I'm never top five  
Ain't no switchin', I'm here with the guys  
And they never lie, they never lie  
It might be a challenge but that's what united us  
Ain't nothing to it because that's what ignited us  
Since we like Gina and Pam  
Salt and Pepper we take out your mans

Enemies forever, we can take it all to our graves  
Enemies forever, you wanna take me down, take my place

Run, r-r-run  
I love it when you hide  
I been looking for you long time

Run, r-r-run  
I love it when you hide  
I been looking for you long time  
Run, r-r-run

I love it when you hide  
I been looking for you long time
