Should I be mad?
Not at all fun
You're not worth it, you punk
Just childish fun
Why are you mad?
What do you know, hitman?
You have time to observe others?
Watch out for the back of your head
Du-du-du, bang
A life of jealousy and envy
Blind and senseless, mocking while throwing insults
Forever playing the guessing game
Skipping work when needed, only to blow up later
Oh dear, it's hot, look at me fanning the flames
Even setting your home's remains on fire
An outdated, subpar boomer
I know it's unfair

Yeah, yeah, that brand's muse is already me
Yeah, yeah, your keyboard makes me money
Fame, yeah, don't be too mad, I'm sorry
Yeah, yeah, there's no way
