

# Come Close

Odette

Meet me by the waters edge  
I'll dance to your favourite song  
And in the lights from passing cars  
I'll see you

Sitting right in front of me  
Eyes ablaze up by the sea  
Saying something I can't hear  
But I need you

Hold my fall, is in one hand  
And whisper things that make me wild  
Oh, grab my arm and say I'll fall  
If you let go

Come close to me, I believe I can give  
You what you need but you see, it might get  
Falling for you, don't breathe  
Falling for you, don't breathe  
I want to feel all the things I'm feeling  
Fall into me, what you see is my depth  
Falling for you, don't breathe  
Falling for you, don't breathe

Lying by the waters edge  
Your lips apart, your hair was wet  
I am pulled beneath the waves till I can't move  
And looking up you're from the deep  
And I was where I like to sleep  
It feels like I can levitate  
Like I can't lose

Behind your ball  
This hand you're favouring  
Your heartbeat tells a different tale  
Tell me, do you love me so?

Come close to me, I believe I can give  
You what you need but you see, it might get  
Falling for you, don't breathe  
Falling for you, don't breathe  
I want to feel all the things I'm feeling  
Fall into me, what you see is my depth  
Falling for you, don't breathe  
Falling for you, don't breathe

Lying by the waters edge  
Your lips apart, your hair was wet  
And in the lights of passing cars  
You leave me, you leave me  
Oh, you leave me

Oh, come close to me, I believe I can give  
You what you need but you see, it might get  
Falling for you, don't breathe  
Falling for you, don't breathe  
Oh, I want to feel all the things I'm feeling

Fall into me, what you see is my depth  
Falling for you, don't breathe  
Falling for you, don't breathe
