

# The Beast

Odie Leigh

I spent 20 dollars on a box of hair dye  
Just so I could have control of my life  
And I guess I'll be getting another tattoo  
Maybe pain will make me stop thinking of you

Ooh-ooh  
Ooh-ooh

And I'm lying here naked in all of my clothes  
It's the things I say that keep me exposed  
And with all of these worries playing tag in my brain  
I swear this mind of mine, it's own ball and chain

Ahh-ahh  
Ahh-ahh  
Ahh-ahh

And I've seen all four horses  
I saw God break the seal  
I sat high, watched the oceans  
I keeled over in fear  
And it's not that I'm broken  
I just snagged on myself  
Grabbed his thistle, grabbed my spine  
Wrapped me over and over myself

Wrapped me over and over myself  
Wrapped me over and over myself  
Wrapped me over and over, and over and over  
And over and over myself

I spent \$20  
Just to feel  
I spent \$20  
Just to (just to)
