Now I'm on target never miss  
So, miss me with that shit  
They keep on talking  
They don't listen  
Till they swimming  
With the fish  
Ah  
Came from the gutter  
Told them before  
Imma tell them again  
Till it sticks  
Niggas be hating  
Cause we elevated  
From where we been dey  
To the top of the list  
Wetin concern me  
Where dey wan find me  
All the gyal dem  
Don dey blow me kiss  
All the man dem  
Don dey cut down trees  
No matter what you do you  
Can't block my bricks  
Kada Ku Raina min don Allah  
No go make me fall okala  
Dem put one into your dome  
I be like see me see wahala

I dey para  
No go let man dem play you  
Like gwaragwara  
This na warning  
When you come before me  
Use your medulla ah  
Sipping on my alvisa  
Imma stay, fly no visa  
They try to get me down  
But I move their way till I'm hasta la vista  
And I beg that I lied  
Gonna teach you the gospel  
No need to find you a preacher  
I'm a mastermind in this  
I gave F9 to your freaking teacher

They think we are Talibans  
B.O.C talk am  
Osama Bin Laden format  
Stop all the capping  
And pay me respect  
Even your daddy  
Dey pay me in cheques  
E say make I try  
Nothing is moving  
E start to dey cry  
So can't leave the game with no heir  
Unless we're hippie plucking  
Shit disgusting  
How they disrespect us  
We're building something  
They're busy judging  
Women lusting  
Niggas bridges cutting  
Pretty buzzing  
The streets, the inner sections  
Check the retrospective  
Shey dey wanna run tai chi  
Big luga  
Shey dey wanna use machine  
Shey dey wanna stump on me  
Ubanka  
Shey dey wanna touch my p  
Shey you no dey feel my steez
