

# Possessed

Odyssey

My body is burning  
And heaven is falling  
Trapped in a nightmare it seems  
The anger's escaping  
My brain cells are dying  
This is no place for a dream

Possessed

The darkness rules on  
All my feelings are gone  
In a world of sweet hell I remain  
Chains hold me down  
As I fall to the ground  
My body is taken in vain

Possessed

Possessed by the demon  
Inside me he's screaming  
It drives me to think I'm insane  
Four falls surround me  
I realise I'm locked in  
This is no place for game
