

Toothpick Licker

Odyssey

Little lover with tatoo on her high
Too much lovin' every night a different guy
Stray dog livin' in this desperate part town
That's when she caught my eye

She's a killer and shw knows it
She's got it all to satisfy
Heaven hell she sure is loaded
Fallen angel of the sky

Toothpick licker
Partying all the time
Cocktail stripper
Come to take what's mine

Hey stranger you're livin' in a lie
But I'm not fussy I'm just another guy
Got me guessin' but I hung on for a while
Oh make me smile

She's a killer and shw knows it
She's got it all to satisfy
Heaven hell she sure is loaded
Fallen angel of the sky

Toothpick licker
Partying all the time
Cocktail stripper
Come to take what's mine
