

Dirty Dustin Hoffman Needs A Bath

of Montreal

Wide-eyed optimist
Looking for a sarcastic Sagittarius
Airplanes in your window
I don't want to break your confidence
Spying for a looksy
That blow mouth wrestling with the sound of happiness
I'll gladly not harbor your boats
Know that in a house of resentment nothing grows

This unlikely pair, this unlikeable prune
It's a cream puff wedding of two
Underachievers and Nancy boys are bound
Waiting on the weather
In the sleeping house
Where we're at arms length and at least two words apart

Catalog reaction
Pleasant inconsistencies
A Sally on your toes makes a better breakfast
I know where your sweets and scenery sleep
Those moving words dressing up
I've got a pretty good idea who I'm standing on
I'll gladly not borrow your voice, maybe a phrase or two

This unlikely pair, this unlikeable prune
It's a cream puff wedding of two
Underachievers and Nancy boys are bound
Waiting on the weather to settle down
