

Centipede

of Verona

Come over here
Let yourself go
Don't be afraid
It's not a problem
You're feeling ok
I'm leaving you signs
You open your eyes
But you don't see them
Are you in pain?
Can't you explain?
Why don't you say
Why you are hiding?
You think it's fair
You know how i care
Why can't you stay?
At least the night may
Yeah I must confess
You're on your own, on your own
I could still see, yes, of you
I'm certain
So I can't express just
How I know, but i know
Wouldn't say, unless i'm sure
I'm certain
Come over here
And let yourself breath
Become alive
Fail not to see
Feeling your mind
You know what it takes
You shot off your ears
Before your heart breaks
Do you feel scared?
You know that I'm here
I won't disappear
Not like you did
You think that it's done
That you've just begun
So much in love
You know you've earned this
Yeah I must confess
You're on your own, on your own
I could still see, yes, of you
I'm certain
So I can't express just
How I know, but i know
Wouldn't say, unless i'm sure
I'm certain
Can you hear?
Can you hear me?
Can you hear me cry?
Hey, listen
Can you hear?
Can you hear me?
I'm crying, I'm crying
Can you hear me?
