

Around The Fire

Ofenbach

I never thought that we'll be living in front of the sea
I remember that night I remember that night
Laughing around the fire I couldn't feel much better
The sunny days are back
The sunny days are back

I never thought that we'll be living in front of the sea
I remember that night I remember that night
Laughing around the fire I couldn't feel much better
The sunny days are back
The sunny days are back

I never thought that we'll be living in front of the sea
I remember that night I remember that night
Laughing around the fire I couldn't feel much better
The sunny days are back
The sunny days are back
