

I Ain't Got No Worries

Ofenbach

It almost killed me
When I was trying to survive
You know I'll pay, oh yeah
Thought you could keep me
Stepping over every line
Now you miss me, oh yeah

But I'm letting go of the pain
In my chest ripping off the chain
When lights turn low
I shape up and I go out

Cause I ain't got no worries when I dance
I ain't got no worries when I dance
I just raise my hands up to the sky
To the dawn, I keep dancing on my own
To the beat, on the floor
I ain't got no worries when I dance

I ain't got no worries when I dance
I ain't got no worries

Cause I'm over the feeling
And the fantasy of us
And I believed it, oh, yeah
But you're killing me slowly with all your lies
Lies oh yeah

But I'm letting go of the pain
In my chest ripping off the chain
When lights turn low
I shape up and I go out

I ain't got no worries when I dance
I ain't got no worries when I dance
I just raise my hands up to the sky
To the dawn, I keep dancing on my own
To the beat, on the floor
I ain't got no worries when I dance

I ain't got no worries when I dance
I ain't got no worries when I dance
I ain't got no worries when I dance
I ain't got no worries when I dance
