

Over You

Ofenbach

Why is this love so complicated?
You are the only thing that I ever know
I thought these butterflies would die
But they've been eating me alive
Leave me alone

Oh, I
Miss your arms around me in the night
I swear our DNA is intertwined
I need your dopamine to give me life

Dancing with your shadow
Time moves so slow
I'm singing to your echo
I can't let go
I'm never getting over you, no
I'm never getting over you
Adrenaline is rushing
Heartbeat racing
And you don't have the love that
I keep chasing
I'm never getting over you, no
I'm never getting over you
Over you, over you

Swim in the deep of meditation
I'm in a state of mind that I can't escape
I'm just a moth stuck in your flame
I could get hurt and fall again
Give me a break

Oh, I
Miss your arms around me in the night
I swear our DNA is intertwined
I need your dopamine to give me life

Dancing with your shadow
Time moves so slow
I'm singing to your echo
I can't let go
I'm never getting over you, no
I'm never getting over you
Adrenaline is rushing
Heartbeat racing
And you don't have the love that
I keep chasing
I'm never getting over you, no
I'm never getting over you
Over you, over you

Cannot get, cannot get, cannot get over you
Cannot get, cannot get, cannot get over you
Cannot get, cannot get, cannot get over you
Over you, over you

Cannot get, cannot get, cannot get over you
Cannot get, cannot get, cannot get over you

Cannot get, cannot get, cannot get over you
Over you, over you
